REPLY TO: 6EN-WC

Mr. John Ramos
Plant Supervisor
Ruidoso-Ruidoso Downs WWTP
313 Cree Meadows Dr.
Ruidoso, NM 88345

RE: NPDES Permit No. NM0029165

Dear Mr. Ramos:

The above referenced National Pollutant Discharge Elimination System (NPDES) permit issued to authorize the discharge from your facility requires submission of Discharge Monitoring Reports (DMRs) to allow us to verify your compliance with the permit.

- The Quarterly DMR for the monitoring period ending December 2004, discharge number 001Q, has not been received.
- You must mail the above requested information to my attention at this office within five (5) working days of receipt of this letter.

Your facility should take whatever remedial action is necessary to prevent the recurrence of the violations noted above.

We have placed in your file a list of the above violations, as well as any corrective measures you have reported. In the event of future violations, we will use this information in determining what appropriate actions to take.

- For your information, the revised web page with DMR instructions and Reporting Requirements Handbook is as follows:

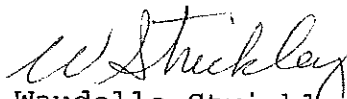

<http://www.epa.gov/earth1r6/6en/w/6en-w/w.htm>

Click on "Forms/Documents/Permits."
Click on the underscored word "Discharge Monitoring Reports" for a printable blank DMR and other information.
Click on the underscored word in the paragraph "DMR Guidance Document" for the NPDES Reporting Guidance Handbook. Note the sample noncompliance report suggested for your use. It is recommended you print the report for easy reference.

The Clean Water Act is on the web page:
<http://www.epa.gov/region6/6en/w/cwa.htm>

If you have any questions, please contact me at the above address or telephone (214) 665-7491.

Sincerely yours,

Waudelle Strickley (6EN-WC)
